**SYDNEY**  
**WINDSOR CASTLE**

While the existing plethora of established hotels sufficiently cater to our short stay needs, extended sojourns across the ditch call for something a little more spacious, private and luxurious. Offering an opulent alternative for those looking to truly immerse themselves in Sydney life, Windsor Castle provides the freedom to dwell within your own private residential retreat.

Positioned on a grand corner site within a building steeped in history, the space was once host to one of Paddington's most notorious hotels. Located in prime proximity to the Sydney CBD, its famed beaches, the Harbour Bridge and Opera House, Windsor Castle's central location makes it ideal for all tourist endeavours.

After an extensive four-year renovation project, the owners successfully transformed the historic building into a stunning private residence, where the existing old

world charm integrates seamlessly with new modernist design features, culminating in the epitome of luxurious contemporary living.

Built in an L-shape surrounded by a beautifully landscaped private garden and swimming pool, large French doors from the ground floor living areas provide a seamless indoor-outdoor flow. On the same floor, a grand gourmet marble kitchen and butler's pantry are accented by an expansive dining table, providing the perfect environment for entertaining family and friends, while an adjoining sitting room provides a welcome respite from the day. A curved sculptural staircase leads to each of the home's spacious four levels. On the first, is a beautiful light filled library where one can enjoy the vast collection of literary works on offer, while on the next level, three stunning bedrooms - each with their own ensuite, overlook the interior courtyard. The master bedroom occupies the entire top floor - the ultimate statement in luxury - and features an enormous dressing room, spa-like bathroom and an adjoining outdoor terrace complete

with fireplace and spectacular views of the city and Harbour Bridge. Furthering the elegance of this home is the basement gymnasium and cinema as well as an integrated Sonos music system that unites your music collection throughout the home.

Finished to perfection with stylish furniture, art and technology, any stay at Windsor Castle is guaranteed to leave you feeling like royalty. [www.luxehouses.com.au/holiday-house/windsor-castle/](http://www.luxehouses.com.au/holiday-house/windsor-castle/)
